

### ***Process of Dematerialization***

- Dematerialization starts with opening a Demat account. For demat account opening, you need to shortlist a Depository Participant (DP) that offers Demat services.
- To convert the physical shares into electronic/demat form, A Dematerialization Request Form (DRF), which is available with the Depository Participant (DP), has to be filled in and deposited along with share certificates. On each share certificate, '*Surrendered for Dematerialization*' needs to be mentioned.
- The DP needs to process this request along with the share certificates to the company and simultaneously to registrars and transfer agents through the depository
- Once the request is approved, the share certificates in the physical form will be destroyed and a confirmation of dematerialization will be sent to the depository
- The depository will then confirm the dematerialization of shares to the DP. Once this is done, a credit in the holding of shares will reflect in the investor's account electronically.
- This cycle takes about 15 to 30 days after the submission of dematerialization request
- Dematerialization is possible only with a Demat account, Learn about how to open a demat account to understand dematerialization.
